**Ferrari Day
Tour**

Anna Team Tours & 21eventi propose

A unique experience, a marvelous journey reserved to only a few people, those who wish to give themselves a dream, those who wish to feel the excitement of driving a legendary car through the gentle hills surrounding Modena where passion and the lust for life will enthrall you and make you feel at home.

You will drive your sports car on roads having age-old charm and be able to admire the beauty of nature. You will visit collections of the most famous cars in the world. You will be delighted by the wines and flavors of our tradition on an evocative itinerary that will enchant you because you will not be mere tourists: you will be genuine travelers.

As the drivers at the wheel of a legend, you will be able to share this emotion with a special person next to you, tranquilly enjoying the pleasure of the drive, the trip and the magnificence of the scenery. Our team will take care of all the rest.

Anna Team Tours & 21eventi suggest the following program:

- 9:00 a.m. Meet at Modena in a typical restored Emilian quad, surrounded by the countryside, where you will find your 15 gorgeous Ferraris.

You will be received by our staff and, after a welcome coffee, you will be sent to the briefing during which our professional driver will show you the features of the Ferrari you will be driving during the day. He will also tell you the secrets of driving it safely.

-10:30 a.m. Departure for the tour

We will be traveling on one of the most ancient and fascinating roads of Italy, the famous Via Giardini, which runs right by the Ferrari factory.

Built at the behest of Duke Francesco III to join the Duchy of Modena with the Grand Duchy of Tuscany and thereby favor the economic and social development of the country, it was started in 1766 and finished in 10 years. For that era it was a colossal enterprise: starting in the capital of Tuscany, it covered almost 100 km of Modena territory.

We will travel this road that runs along the bottom of the Tuscan-Emilian Apennine Mountains; we will pass through the towns of Casinalbo, Formigine and Maranello and then head toward the hills.

-12:30 p.m. - We will stop for lunch in an agri-tourism where you can savor the local cuisine.

-2:00 p.m. - We will resume our tour: destination Maranello, for the guided tour of the most famous automobile gallery of the world: the Galleria Ferrari.

A short walk from the factories and the racetrack, the Galleria Ferrari was built in memory of the founder, the great Enzo Ferrari. It tells the legend of the home of the *cavallino rampante* [small horse rampant], through a slideshow, historical artifacts, period cars and F1 one-seaters, trophies won in car races, blown-up posters of drivers, the exceptional engines and technological solutions of the Ferrari Company.

- 4:30 p.m. - We will resume our tour, destination Modena, where we will visit Azienda Agricola Hombre which is owned by the Panini family and houses the Maserati Museum.

Hombre is an organic “closed-cycle” food producing farm where everything is born and developed on-site: this is the only way to make a fully organic product. At the store you can directly purchase the organic products made by Hombre: Parmigiano Reggiano, butter, ricotta, acacia or wildflower honey and the world-famous traditional balsamic vinegar of Modena. A short walk away, the owners open to us the doors of the enchanting Umberto Panini Period Car and Motorcycle Museum which houses a collection of about 40 cars, 30 motorcycles, various bicycles, engines and interesting military vehicles: one more tile in the exciting history of automobiles in this land of motors. A guide will be at your disposal to explain the characteristics of the museum and the history of the cars exhibited.

-7:00 p.m. - Return to the quad: now it is time to park your jewel. You will be given the certificate of participation in the “Ferrari Day” and we will toast altogether to this splendid day with the hope of meeting again soon.
